ABOUT US

BMR Commerce has been operating in the Furniture industry since 2001. This adventure, which started with sofa production , continued by expanding its product range.

With the export moves it started in 2002, it increased its exports every year and expanded its customer portfolio. Over time, especially with the guidance of its customers , it started to provide not only the products it produces but also other products requested by its customers . Thus , it has evolved as an export and international marketing company with its experience, and relationship with other manufacturers.

Thanks to its solution-oriented and flexible structure based on customer needs, BMR exports to more than 30 countries by its wide range of products in the field of furniture and home decoration
